## A STENERSON LUMBER PUBLICATION

### STENERSON SPOTLIGHT ON SERVICE

Terri Larson, our newest hardware clerk in our Detroit Lakes store, is enjoying her start here at StenerSON Lumber. After spending a couple of years working at a local big-box hardware store and a couple of years with Stelter's Inc., a Detroit Lakes contractor, she joined our staff in April. "One of the gang", she feels enthused about coming to work every day as she sincerely likes her coworkers and the customers that she sees daily. Her experience in the construction trade has given her great insight on finishing and painting many types of material, including her favorite substrate - wood. Learning and working with the proper application processes and products has definitely made her a great resource to our paint and stain department. Give her a call or stop in with your finishing questions; she'd be glad to lend her advice. In her spare time, she enjoys outdoor sports such as downhill skiing and skating, but admits that she doesn't spend much time on them anymore. Her family is definitely the light of her life. She loves spending her time with her three children and her grand-children as well as a large extended family - most of which live nearby. Terri can be reached at our Detroit Lakes store at 218-847-2188.

## JUNE'S LUNCH & LEARN HIGHLIGHTS NEW LOW-MAINTENANCE PRODUCTS

Join us for our June Lunch & Learn presented in part by Wausau. In Fergus Falls, Moorhead, and Detroit Lakes, they will be presenting **LP SmartSide<sup>®</sup>**, an engineered wood siding. This siding benefits installers with its high-strength composition, longer length pieces, and ease of workability. It is designed to withstand fungal decay and termites, and is backed by a 50-yr warranty. Finished with a spray-on, baked finish - **Diamond Kote<sup>™</sup>**, SmartSide<sup>®</sup> is the ultimate in low-maintenance, impact-resistant, fade-resistant siding with the beauty and warmth of real wood. It is available in multiple profiles and colors.

**Genovations<sup>®</sup> Decking & Railings** will be presented in Detroit Lakes and Fergus Falls. Genovations<sup>®</sup> is a solid PVC Decking specially engineered to be maintenance-free. The material does not contain any wood or foam fillers, so water cannot be absorbed through the surface, creating superior mold, warping, stain, and fade resistance. Genovations<sup>®</sup> decking boards are strong enough to be installed 16" on center or 24" on center. The tongue-and-groove design allows for a solid decking surface with automatic spacing and board alignment, saving installation time. Common deck screws can be used to fasten this product. It is available in four solid and three variegated earth-tone shades and offers a color-matched railing system to finish the project. The product carries a limited lifetime warranty.

**15% off  
through June**

**Also displaying:  
Eldorado Stone  
Products!**

Join us for lunch and learn of these products from **11:30 am to 1:00 pm**:

**Fergus Falls – Tuesday, June 19<sup>th</sup>**  
**Moorhead – Wednesday, June 20<sup>th</sup>**  
**Detroit Lakes – Thursday, June 21<sup>st</sup>**

## A MAN WALKS INTO A BAR

A man walked into a bar and sat down, ordered a beer. As he sipped the beer, he heard a soothing voice say, "Nice tie!" Looking around, he noticed that the bar was empty except for himself and the bartender. A few sips later the voice said, "Beautiful shirt." At this, the man called the bartender over.

"Hey, I must be losing my mind," he told the bartender. "I keep hearing these voices saying nice things, and there's not a soul in here but us."

"It's the peanuts," answered the bartender. "They're complimentary."
