A STENERSON LUMBER PUBLICATION

STENERSON SPOTLIGHT ON SERVICE

Bruce Larson is StenerSON Lumber's newest salesperson – joining our staff in the recently added Design & Sales Office in Breckenridge. Bruce brings forty years of experience in the construction business with twenty-five years as an estimator, four as a construction manager, and five as a self-employed contractor. As the primary contact in the Breckenridge office, he is most skilled in the home-building and agricultural-building processes. Bruce has a hands-on approach to helping his customers, helping design and estimate anything from door and window replacement, to decks, remodels, garages, new homes, or commercial buildings. He is excited to get in touch with Wahpeton-Breckenridge area customers that he has known in the past and those he has yet to meet. Bruce has two adult children, Christopher and Julie, as well as three grandchildren. He feels very fortunate to live near his grandchildren and to now have a career that allows him to see his family more often. In his spare time, Bruce enjoys all things hunting and fishing. He hunts waterfowl, upland game, as well as deer, and can be found chasing the walleye in the summer. To keep on target, he attends a trap league twice a season with some friends in Bemidji – quite the drive, but worth it when you make first place! Bruce can be found at our Breckenridge office at 218-651-0300.

SEPTEMBER STENERSON SPECIAL

10% off ALL Vinylite Windows

**Manufactured with quality in Fergus Falls,
most Vinylite windows can be ordered,
built, and delivered to you in
ONE WEEK!**

Just ask for our **WOW** special!*

Vinylite offers a complete product line including:
**Single-hung, Double-hung, Casement, Fixed,
Awning Style, and Patio Doors**

Most units qualify for the **federal energy tax credit**. Vinylite also offers **superior service** after your purchase...most issues are resolved within seven days.

Displays and more information are available at all StenerSON Lumber locations.

* Some restrictions apply. This offer is valid on all window orders placed in September (special does not apply to any and all previous orders). Ask your salesperson for the September Special.

A SOUND CHOICE IN SEALANTS

Have you been fighting with a hardened caulking while installing drywall lately? If so, this may be the product for you. Titebond® offers an acoustical sealant that remains permanently flexible, allowing a gasket-like seal while allowing drywall to snug up tightly to your framing. It is a non-flammable, latex-based product and adheres firmly to wood or metal studs, concrete, drywall, vapor barrier, and most other building substrates. Use it for all unexposed applications at perimeter joints, floor and ceiling runners, drywall cutouts, plaster systems, or anywhere else a sound rated assembly is required. Formulated with environmentally superior technology, **Titebond® Acoustical Sound Sealant** is part of the GREENchoice family of professional grade adhesives and sealants.

GET FIRED UP FOR ROCK-SOLID PRODUCTS AT SEPTEMBER'S LUNCH & LEARN

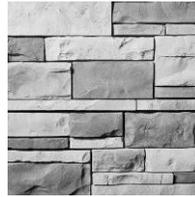

For September's Lunch and Learn, we are hosting two different products and vendors. Primesource will be *firin'* things up with a live fire demonstration promoting **Roxul® insulation**. This new fire-resistant insulation is made from a volcanic by-product, stone wool. It is offered in both a thermal insulation and a sound-proofing insulation – both of which are non-combustible, moisture-resistant, and non-corrosive.

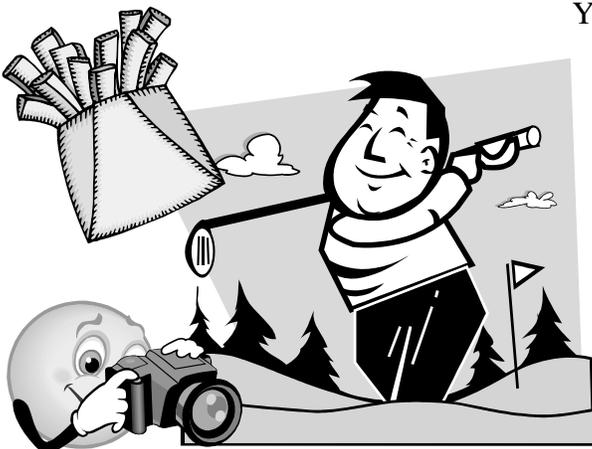

Manion's will be *rockin'* their engineered stone product, **Boulder Creek® cultured stone**. It is offered in many different colors and profiles anywhere from warm and rustic to cool and classy. You will learn directly from factory reps how to apply this realistic stone veneer to your next interior or exterior job.

September's Lunch and Learn dates are:

Tuesday, Sept. 13th in Moorhead
 Wednesday, Sept 14th in Fergus Falls
 Thursday, Sept 15th in Detroit Lakes

TOP TEN SIGNS THE ECONOMY HAS GONE DOWN THE TUBES

You know the economy is really in the tank when:

- You receive a *pre-declined* credit card in the mail.
- CEO's are now playing *miniature* golf.
- Exxon-Mobil laid off 25 *congressmen*.
- Angelina Jolie adopted an *American* child.
- Motel 6 *won't* leave the light on anymore.
- A picture is now worth only 200 words.
- McDonald's is now selling the *Quarter Ouncer*.
- They renamed Wall Street to *Wal-Mart* street.
- If the bank returns you check marked "Insufficient Funds," you call and ask if they meant you or *them*.
- You order a burger and the waiter asks, "Can you *afford* fries with that?"
